Local Government

PLYMOUTH

Local authority profile

% of LSOAs in each national deprivation decile

What this map shows

This is a map of Index of Multiple Deprivation (IMD) 2019 data for **Plymouth**. The colours on the map indicate the deprivation decile of each Lower Layer Super Output Area (LSOA) for England as a whole, and the coloured bars above indicate the proportion of LSOAs in each national deprivation decile. The most deprived areas (decile 1) are shown in blue. It is important to keep in mind that the data relate to small areas and do not tell us how deprived, or wealthy, individual people are. LSOAs have an average population of just under 1,700 (as of 2017).
