Tom Briggs, Diploma in Biomedical Science

“ I had no formal qualifications. I'm now nearing the end of my level 3 qualification and have received an offer to study biomedical science at the University of Plymouth. ”

Ismail Mustafa, Functional Skills in English

“ Coming to College has helped me to develop my English skills and I'm really proud of what I have achieved. None of this would have been possible without the support of my lecturers. ”

Hayley Levy, Access to Nursing

“ The Access provision offered me a way to get into the career path of my choice and this course is tailor-made to give you the right skills to get into university. ”

Chloe Roberts, Technical Certificate in Professional Cookery

“ It's hard not to love a course that gives you fantastic opportunities such as learning from the likes of world renowned chocolatier, Mark Tilling. ”

Lauren Young, BSc Community and Public Services

“ I feel very lucky to have been taught by incredibly knowledgeable staff who have worked in industry and teach from their own experiences. ”

Callum Mather, Intermediate Apprenticeship in Bricklaying, BurDon Bricklaying

“ Studying an Apprenticeship means you have the opportunity to work alongside qualified people and get real experience that you won't get in a classroom. ”
